Audi Car & Truck Brake Sensors & Switches for Volkswagen ...

2001 TDI -- Tail lights are out, brake and turn signals work fine. I've searched the forum. Others have had the problem but I can't find how they fixed the problem. It's not bulbs, fuses, wiring, bulb holders, etc. Could it be the brake switch and if so how do the tail lights get wired through the switch so they don't work but brake lights work?
