The law administered by federal courts in admiralty is therefore an amalgam of the general maritime law insofar as it is acceptable to the courts, modifications of that law by congressional amendment, the common law of torts and contracts as modified to the extent constitutionally possible by state legislation, and international prize law.

## **Cases of Admiralty and Maritime Jurisdiction | U.S ...**

Yet, ever since the North Sea Continental Shelf cases, the courts have consistently adhered to the model of equity and equitable principles and denied equidistance as a rule of customary law, except for delimitations of the territorial sea. There is still considerable debate about the proper rules for maritime boundary delimitation: should equidistance or equitable principles be applied with a view to achieving an equitable solution?
