BI-IP Fox formula issue - SAP Q&A

Before BW 7.3 SP 11 there was no standard way to debug Planning Functions of type Formula which were written in FOX. But with BW 7.30 SP 11 SAP provided a debugging script that allows us to easily debug the FOX code . There are some other workaround methods which can be used for debugging and were used when the script was not available but these are not very convenient to use and there are a lot of scenarios where these workaround methods could not help.
