### **Iwoz By Steve Wozniak**

The genius of Steve Wozniak is part of computing folklore, albeit based on a handful of designs. Personally, I feel 'cunning' would be a better description. Woz created designs that made the most of limited hardware, that performed dazzling tricks. But often the designs were impossible to expand or develop further.

Steve Wozniak is one of my heros. He's a brilliant engineer who changed the world just by doing what he loved to do and doing it well. His sense of humor is legendary and wonderful. I love me some Woz. So I pre-ordered iWoz as soon as I heard about it and couldn't wait for the Amazon box to arrive at my door. Boy was I disappointed.

1-Sentence-Summary: iWoz is Steve Wozniak's autobiography, detailing his story in his own words, from early tinkering with electronics in his home, to college and his first job, all the way to singlehandedly creating the world's first desktop computer, the Apple I and founding what would become the most valuable company in the world.

**iWoz Summary - Four Minute Books**

iWoz - Steve Wozniak June 21, 2019 I must have read a dozen books about the founding of Apple Computer over the years, so when co-founder Steve Wozniak wrote his autobiography iWoz a few years back, I made a mental note of it, but never got around to reading it. Woz and I happened to be speaking at the same conference last week.
