Jonathan Adams argue that nature is not only the foundation of human well-being, but also the smartest commercial investment any business or government can make. The forests, floodplains, and oyster reefs often seen simply as raw materials or as obstacles to be cleared in the name of progress are, instead, as important to our future prosperity as technology or law or business ...

Nature's Fortune (2013) challenges our views on economic development and the environment. Drawing on research about the ways we work with and against nature, nature lover and former investment banker Mark Tercek presents a compelling case for investment in green infrastructure, and shows us how economic growth and conservation can benefit each other.

### **Nature's Fortune by Mark R. Tercek and Jonathan S. Adams**

On 15 June, 31 NGOs and business groups including the International Chamber of Commerce, WWF, We Mean Business, United Nations Global Compact, the IUCN and Business for Nature published a letter calling on CEOs to push governments to include ambitious policies to reverse nature loss as part of green recovery plans.

## **Nature's Fortune (Audiobook) by Mark Tercek, Jonathan**

...

In your book, Nature's Fortune, you argue that saving nature is the smartest investment we can make. What do you mean by that? Most business and government leaders know that investing in nature is the right thing to do. At TNC, we're trying to demonstrate that it's also the smart thing to do from an economic and business standpoint.
