(PDF) What is Sense of Place? - ResearchGate

Sense of place consists of knowledge, belonging, attachment, and commit- ment to a place or part of it. Sense of place is a much more complicated phenom- enon than is described by that definition. The essence of sense of place lies in the beholder's senses and mind.

Sense of place: an empirical measurement - ScienceDirect

A clinical judgment or intuitive sense by the therapist that the client is ready The essence and power of this work since 1978 seems to come from combining Gestalt Therapy with a spiritual grounding. The controversy centers around asking the survivor to put themselves in the shoes of the perpetrator. Gestalt Therapy

Chapter - Love and Forgiveness: Controversial Healing ...

Places shape the stories of our lives. These stories become ongoing "ecological conversations"—i.e., expressions of the dialogue between ourselves and the environment (Lutts, 1985). When this conversation ends, so will our future. The development of healthy environmental awareness and concern starts with a feeling response to nature. Such a response comes primarily by way of firsthand ...

A sense of place | SpringerLink

Proposals for higher-density development in established neighbourhoods are frequently opposed by local community members who argue that the existing 'character' of a place would be damaged or destroyed. This article considers the use of these community-based understandings of character as a tool for actively shaping processes of urban change. The article relates a case study of the ...

Place-making or place-claiming? Creating a 'Latino Quarter ...

A place may also conjure contradicting emotions—the warmth of community and home juxtaposed with the stress of dense urban living. Sense of place—the way we perceive places such as streets, communities, cities or ecoregions—influences our well-being, how we describe and interact with a place, what we value in a place, our respect for ecosystems and other species, how we perceive the ...
