Concorde Story by Peter R. March, Hardcover | Barnes & Noble®

French. Planes. The Concorde Story is a vintage documentary about the development of the world's first supersonic airliner, it was filmed during the early, heady days of the now retired aircraft and it provides a fascinating look into how the Concorde came to be - starting with early designs from WWII. With a running time of just under 1 hour, the documentary provides an interesting look into how a team of engineers were able to create such an extraordinary aircraft using nothing but ...

The Concorde Story - Silodrome

The gripping true tale of a devastating plane crash, the investigation into its causes, and the race to prevent similar disasters in the future. On July 25, 2000, a Concorde, the world's fastest passenger plane, was taking off from Charles de Gaulle Airport in Paris when it suddenly burst into flames.
