### The Medicinal Herb Grower Volume

A great book on growing herbs - it is organized differently than most herb growing books - much more stream of conscious style - which may seem odd at first but then it all comes together and makes perfect sense. Truly love it, I use this book when I teach herbalism workshops. It is one that you read cover to cover ...

### The Medicinal Herb Grower, Volume 1 [Paperback] [2009 ...

I love this book! So much great information about growing medicinals if you can translate to your climate. He actually talks about timing of plantings in a way that relates better to Austin gardening than most garden books do.

### The Medicinal Herb Grower, Volume 1 by Richo Cech

The book is full of amusing anecdotes and is delightfully illustrated by Sena Cech. We hope it reads a bit like a "James Herriot" of herbalism and that it is as nourishing to you as cornbread. This book has a great deal of information in it for the startup medicinal herb grower and also for the advanced farmer of medicinal herbs.
